IOA Healthcare Furniture

Our mission is to elevate the wellness experience by designing furniture for healing.

Having over 60 years of design and craft experience, IOA has cultivated an approach toward the healthcare industry that is researched-based, holistic in nature; which is centered around patient, caregiver, and guest.

Everyday it is our goal to create wellness furniture that provides personalized comfort, ease of mobility, and user-friendly controls that ultimately contribute to healing environments.

Manual & Motorized | Safety is Paramount | Footrest can Support up to 300 pounds | 15 Available Mechanisms

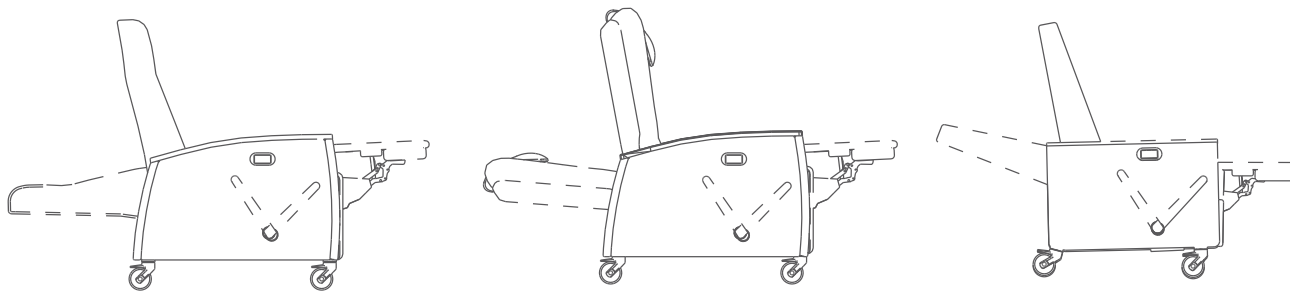

NOTES

Fall Prevention Technology

IOA's Fall Prevention Technology features a unique construction allowing the footrest to support up to 300 lbs. The chair's perfected balance prevents tipping, allowing for a safer environment for both patient and hospital.

Our goal is to reduce the amount of recliner related falls and reduce injury and hospital costs.

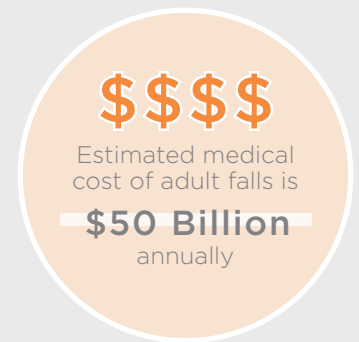

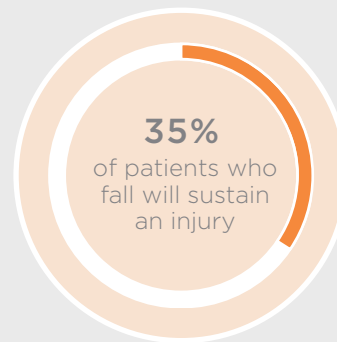

Available on select Suspend, Kangaroo, and Eva style recliners.

NOTES

The largest cause of daytime falls are recliner related

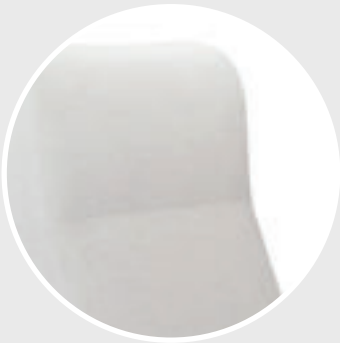

NOTES

Gapless Footrest

Contoured Back

Assisted Lift

Hydraulic Lift

Safe Patient Handling

Manual & Motorized Options

Hydraulic lift raises the chair to bed height allowing for a safe and easy lateral transfer of patient

NOTES

Exam Chair

“Improves patient and caregivers experience while also improving the environments aesthetics.”

Paper Roll

Folding Arm

Continuous Upholstery on Footrest | Folding Arm on Either or Both Sides | Composite Foam Seat | Shielded Footrest

NOTES

iPad Cradle

Tablet Options

Heated Seat & Lumbar

Ergotron TV Arm

Fixed to Floor

When a chair is anchored to the floor, it stays where it should be and does not get pushed around the room.

Stand Assist

Give patients a sense of independence to enable them to recline and get up without asking for help, while easing the caregiver's strenuous work.

Simple & Intuitive

Manual recliners allow the patient to effortlessly recline and find the most comfortable position.

Vertical Lift

Allow caregivers to lift patients to a comfortable height for a closer connection and improve quality of care and safety.

Infusion Recliners

Features that make a difference.

Heated Seat & Lumbar 1

Monitor Arm 2

NOTES

MOXY[®]

A proprietary formula of upholstery material tested to be stronger and more durable than any other coated fabric on the market.

No degradation when submerged for 40 hours in 7 most commonly used hospital cleaners

NOTES

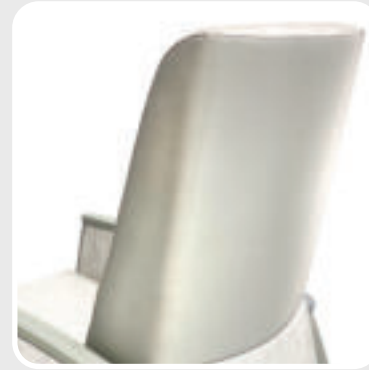

Applications

Front of Bumpers

Back of Bumpers

Back of Chair

Chair Back Corners

Why Choose MOXY®?

Shields the most vulnerable parts of your chair from abrasion, impact, punctures, and degradation caused by hospital cleaners.

Extends the usable life and aesthetic of your chair.

Prevents tedious upholstery repairs.

Tested against 7 commonly used hospital cleaners.

Replaces and outperforms outdated, ugly bumpers and welts.

IOA FOR Life

Protect your investment & reduce downtime

SCAN

IDENTIFY

REPAIR

Keep your facility looking new with the IOA for Life service program.

Counter the effects of wear and tear

Expedite repairs & Reduce downtime

Stay in compliance

Extend the life of your new product

Leveraging new technology and data science, IOA for Life features a unique QR code on every product, connecting you to our team, allowing access to fast, easy, and accurate repair information for every piece IOA makes, for life.

Scan to experience IOA for Life

IOA for Life takes everything you need to repair our products and puts them in one place: right at your fingertips. No longer will furniture go unused waiting to be repaired. Our new system makes it easy to get answers and extends the life of your furniture.

Scan the QR Code & get all the info

1

IOA for Life QR Codes are located on the back of all recliners and sleepers, or under the seat of lounge pieces. Simply scan the QR Code with your smartphone camera to access IOA for Life.

Easily identify the damaged part.

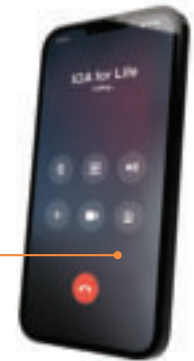

One quick scan delivers access to product information including: detailed order information, intuitive parts lists with diagrams, access to, and scheduling of an IOA Service technician, as well as instructional videos.

Connect with service department.

3

Quickly connect with an IOA Service Technician via phone or email. Our dedicated service team will walk you through the IOA for Life warranty process.

Quickly get parts and support.

Receive parts and instructions, or schedule an IOA Service Technician to make an onsite repair. Our dedicated team of field technicians, located at home and across the country, will quickly and efficiently respond to any need.

Get products back in service.

5

And just like that, get your furniture back where it belongs. IOA for Life allows you to keep your facility fresh, functional, and compliant; extending the life of your investment.
