

Sleepers by the inch

Central Locking System

A simple action locks or unlocks all casters at one time. This allows for ease of moving for cleaning and repositioning without damaging floors. When in position simply engage the system to lock the sleeper in place. Available as a foot pedal or handle operation.

Sleepers by the inch

All sleepers are part of our sleepers by the inch program. We build our sleepers by the inch, so you may use standard widths or specify the width to match your need.

A Arm style 1: #570 Leg style 1: Casters
B Arm style 2: #573 Leg style 2: Wood Legs
